Estate Planning

With Attorney Jennifer Taddeo

The basics of estate planning

Join us for a check in about the basics of estate planning. Together, we will talk about the probate process (and how to eliminate it, if that is what you want), the basic estate planning documents each Massachusetts resident should understand, Massachusetts and federal estate taxes, Medicaid basics, and how to choose and work with an estate planning attorney.

Q & A

In order to protect your privacy, please email questions to [Ariel Doggett](mailto:Ariel.Doggett@franklinma.gov) in advance, and they will be answered in the course of the presentation. We will end with a Q & A to answer general questions, but please remember that attorneys can not provide advice outside of a formal legal engagement.
