CONTINUING LEGAL EDUCATION

## Construction Mediation: Defect Claims, Casualty Claims and Coverage Disputes

TUESDAY, MAY 5 • 4:30-5:30 p.m.  
MASSACHUSETTS BAR ASSOCIATION  
20 WEST ST., BOSTON

Sponsored by the MBA's Dispute Resolution Section and co-sponsored by the  
Development and Construction Law Practice Group of the Real Estate Law Section

Construction disputes are uniquely complex, often involving overlapping contractual obligations, statutory claims and insurance coverage issues that can derail projects and strain business relationships. They pose challenges for mediators as well as counsel. This practical skills program will focus on effective mediation techniques for neutrals as well as strategies for counsel in resolving construction matters in Massachusetts. The program will emphasize the most common issues and obstacles faced by mediators, attorneys, contractors, developers and insurers.

Attendees will gain insight into key leverage points, common mediation pitfalls, and best practices for mediators and counsel in positioning cases for early and efficient resolution.

A networking reception will follow immediately after the program.

This program will be held in person at the Massachusetts Bar Association Offices, 20 West St., Boston. An online attendance option will also be available for those unable to join in person.

**Registration is required by Tuesday, May 5, at 10 a.m.**
